

PROJECT PATTERN FIREWOOD CARRIER

Printing Instruction

The pattern is designed to be printable. We took into consideration the standard printer margin for letter and A4 sized papers.

Select "US letter" or "A4" under paper size. Make sure portrait mode is selected.

Be sure to click "scale: 100%" to ensure that the page is going to print to scale.

Recommended Leather Weight

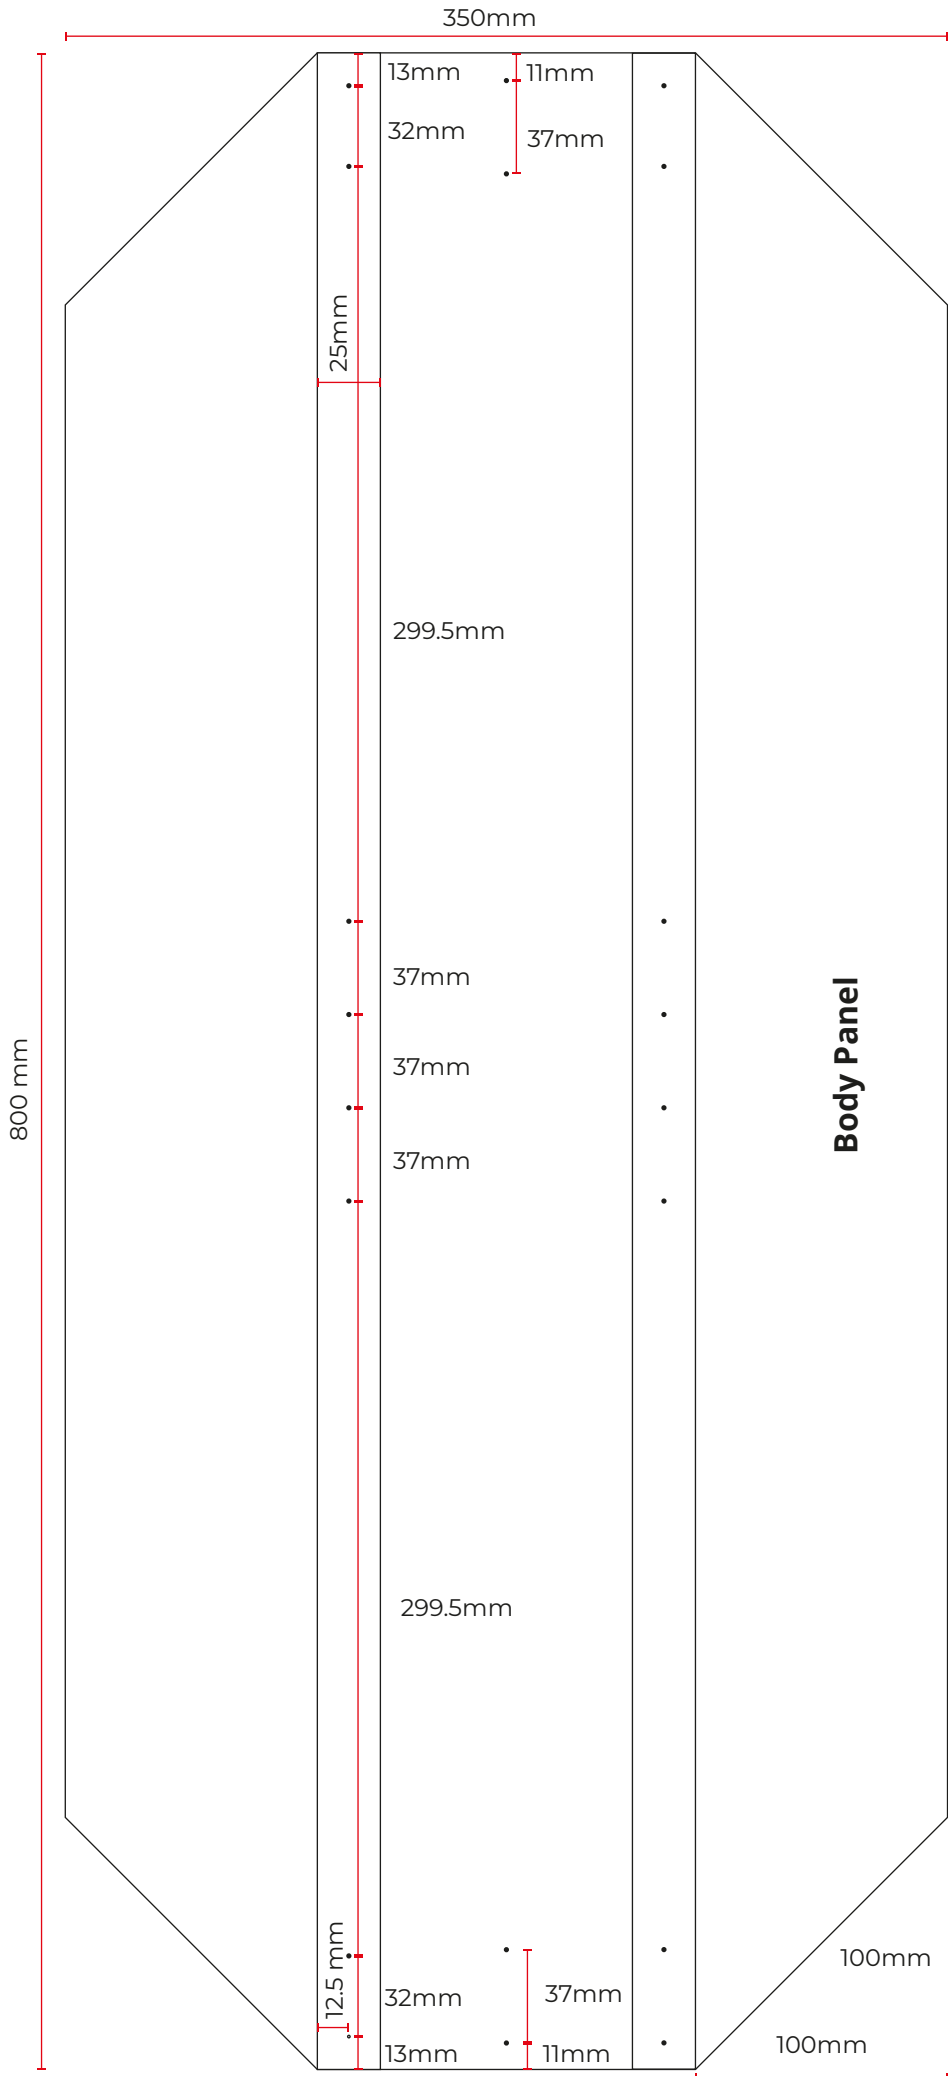

2.0mm~2.4mm (5~6oz)

Instruction

1. Print out patterns on heavy card stock. Trace handle strap pattern into leather. Strip two leather straps and set aside. Cut out body panel using pattern dimensions (drawing is 1:3 scale).
2. Mark handle strap center line and 3mm stitch seam on both sides. Punch stitching holes. Make sure the spacing matches.
3. Mark strap snap location, bevel the edges. Fold the handle down the middle and stitch together. Repeat above steps to complete the other handle.
4. Punch holes and flatten the stitches using leathercraft hammer.
5. Mark hole locations on leather straps and punch holes.
6. Insert rivets and burr over body panel and strap. Fasten hardware with rivet & burr setter. Cut off excess post using cutting pliers and knock out sharp edges with setter.
7. Add handle straps on top edges and fasten with rivet and burrs.
8. Install closure strap with rivets and burrs on the back & add snaps to the front using snap setter.
9. Complete.
