

# PROJECT PATTERN HIS LEATHER CUFF

## Printing Instruction

The pattern is designed to be printable. We took into consideration the standard printer margin for letter & A4 sized papers.

Select "US letter" or "A4" under paper size. Make sure portrait mode is selected.

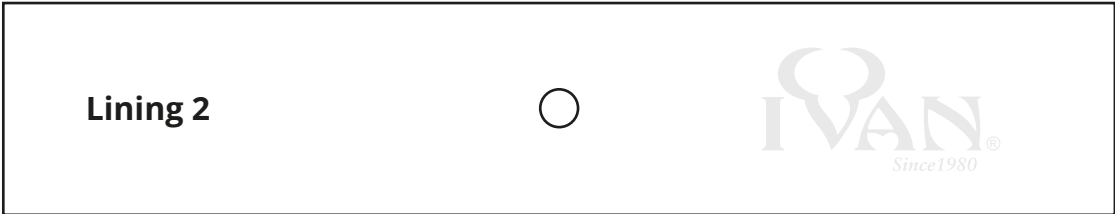

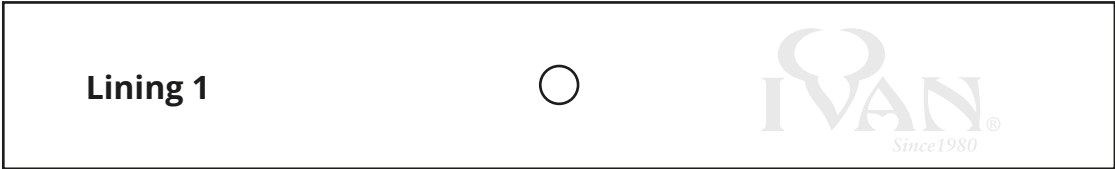

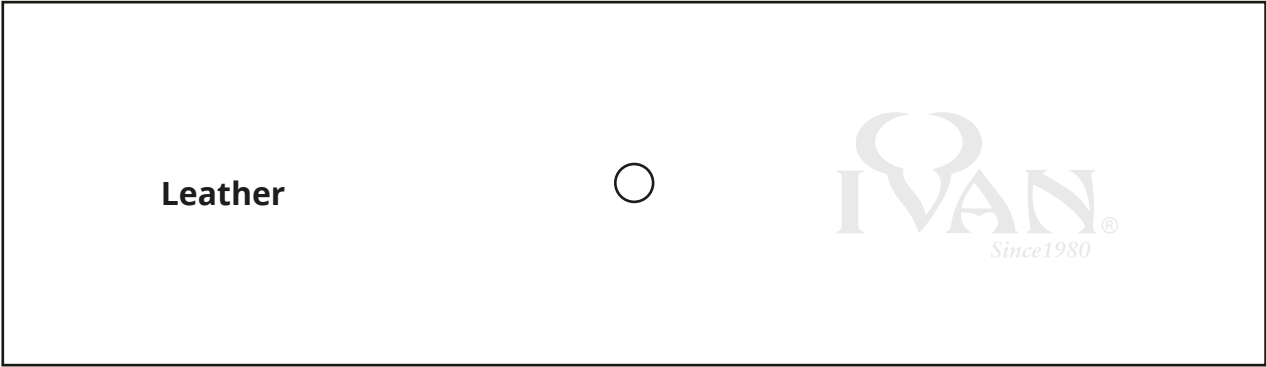

Be sure to click "scale: 100%" to ensure that the page is going to print to scale.

## Instruction

1. Print out download pattern.
2. Trace leather pattern on leather and cut out.
3. Trace Lining patterns on split and cut out.
4. Dye leather using Fenice Waterstain. Optional: use a 2nd color on the edge to create a vintage effect.
5. Glue the splits together and allow to dry. Skive and taper the edges using mini round knife.
6. Apply adhesive to tapered split panel and set aside.
7. Mark and punch out center hole on leather.
8. Apply adhesive and glue together with split panel. Make sure the center holes are aligned.
9. Install the concho with screwdriver.
10. Apply adhesive to leather assembly and bracelet blank.
11. Tuck in the edges.
12. Allow to dry completely before wearing
