

PROJECT PATTERN BRAIDED BRACELET

Printing Instruction

The pattern is designed to be printable. We took into consideration the standard printer margin for letter & A4 sized papers.

Select "US letter" or "A4" under paper size. Make sure portrait mode is selected.

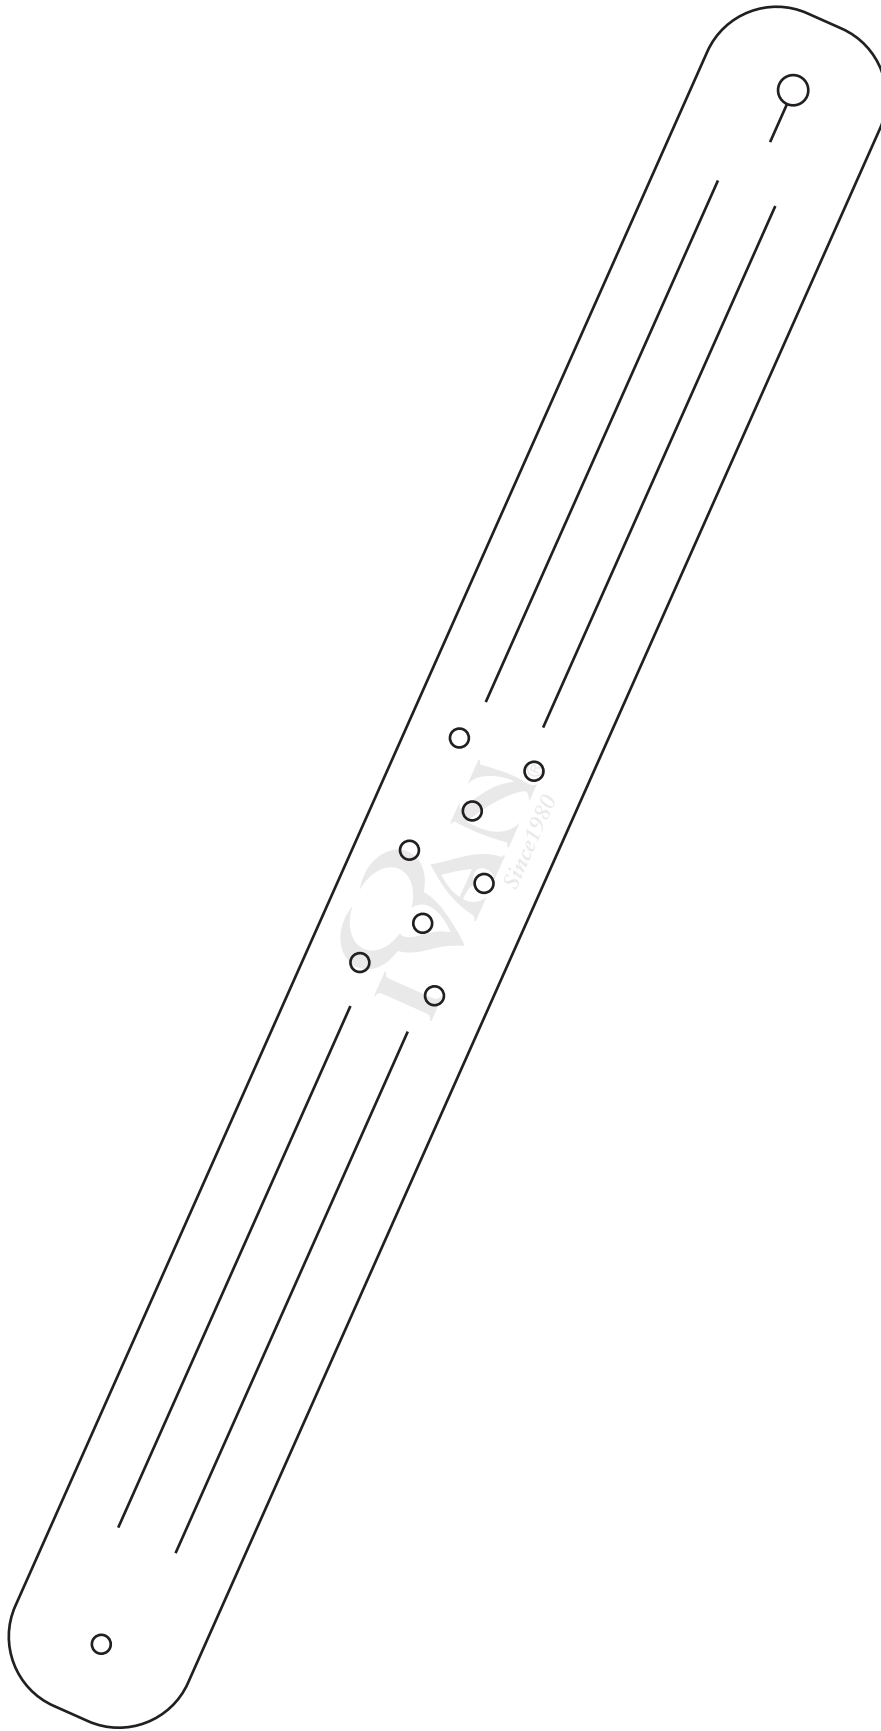

Be sure to click "scale: 100%" to ensure that the page is going to print to scale.

Instruction

1. Print pattern and transfer pattern to leather of your choice.
2. Cut out the basic shape.
3. Use radius corner punch to trim the bracelet corners.
4. Cut hole with a button hole punch.
5. Using a drive punch finish punching out all the rivet holes.
6. Install crystal rivets. Before setting the rivet make sure the crystal side is placed on pondo board or scrap leather so it is not damaged when set.
7. Proceed to braid the cut slits as shown in the video.
8. Repeat on the opposite side.
9. Attach button stud.
10. Project complete.

PRINTABLE TEMPLATE

Measure this ruler against you own to make sure the pattern is to scale.
