ZIPPER INSTALLATION

1. Measure out zipper tape against paper template.
2. Cut zipper tape to length.
3. Install zipper slider and stops on one end.
4. Cut zipper with zipper teeth nippers and install the bottom stop.
5. Locate the cut leather panel and using the paper template to mark the zipper location on the leather panel. 2x
6. Apply glue and fold edge with a straight edge guide. Be sure to firmly tap down the folded leather edge so it is completely flat. 2x
7. Apply permanent leather adhesive tape to zipper on both side of the zipper tape.
8. Stick leather panels to zipper tape and set aside.

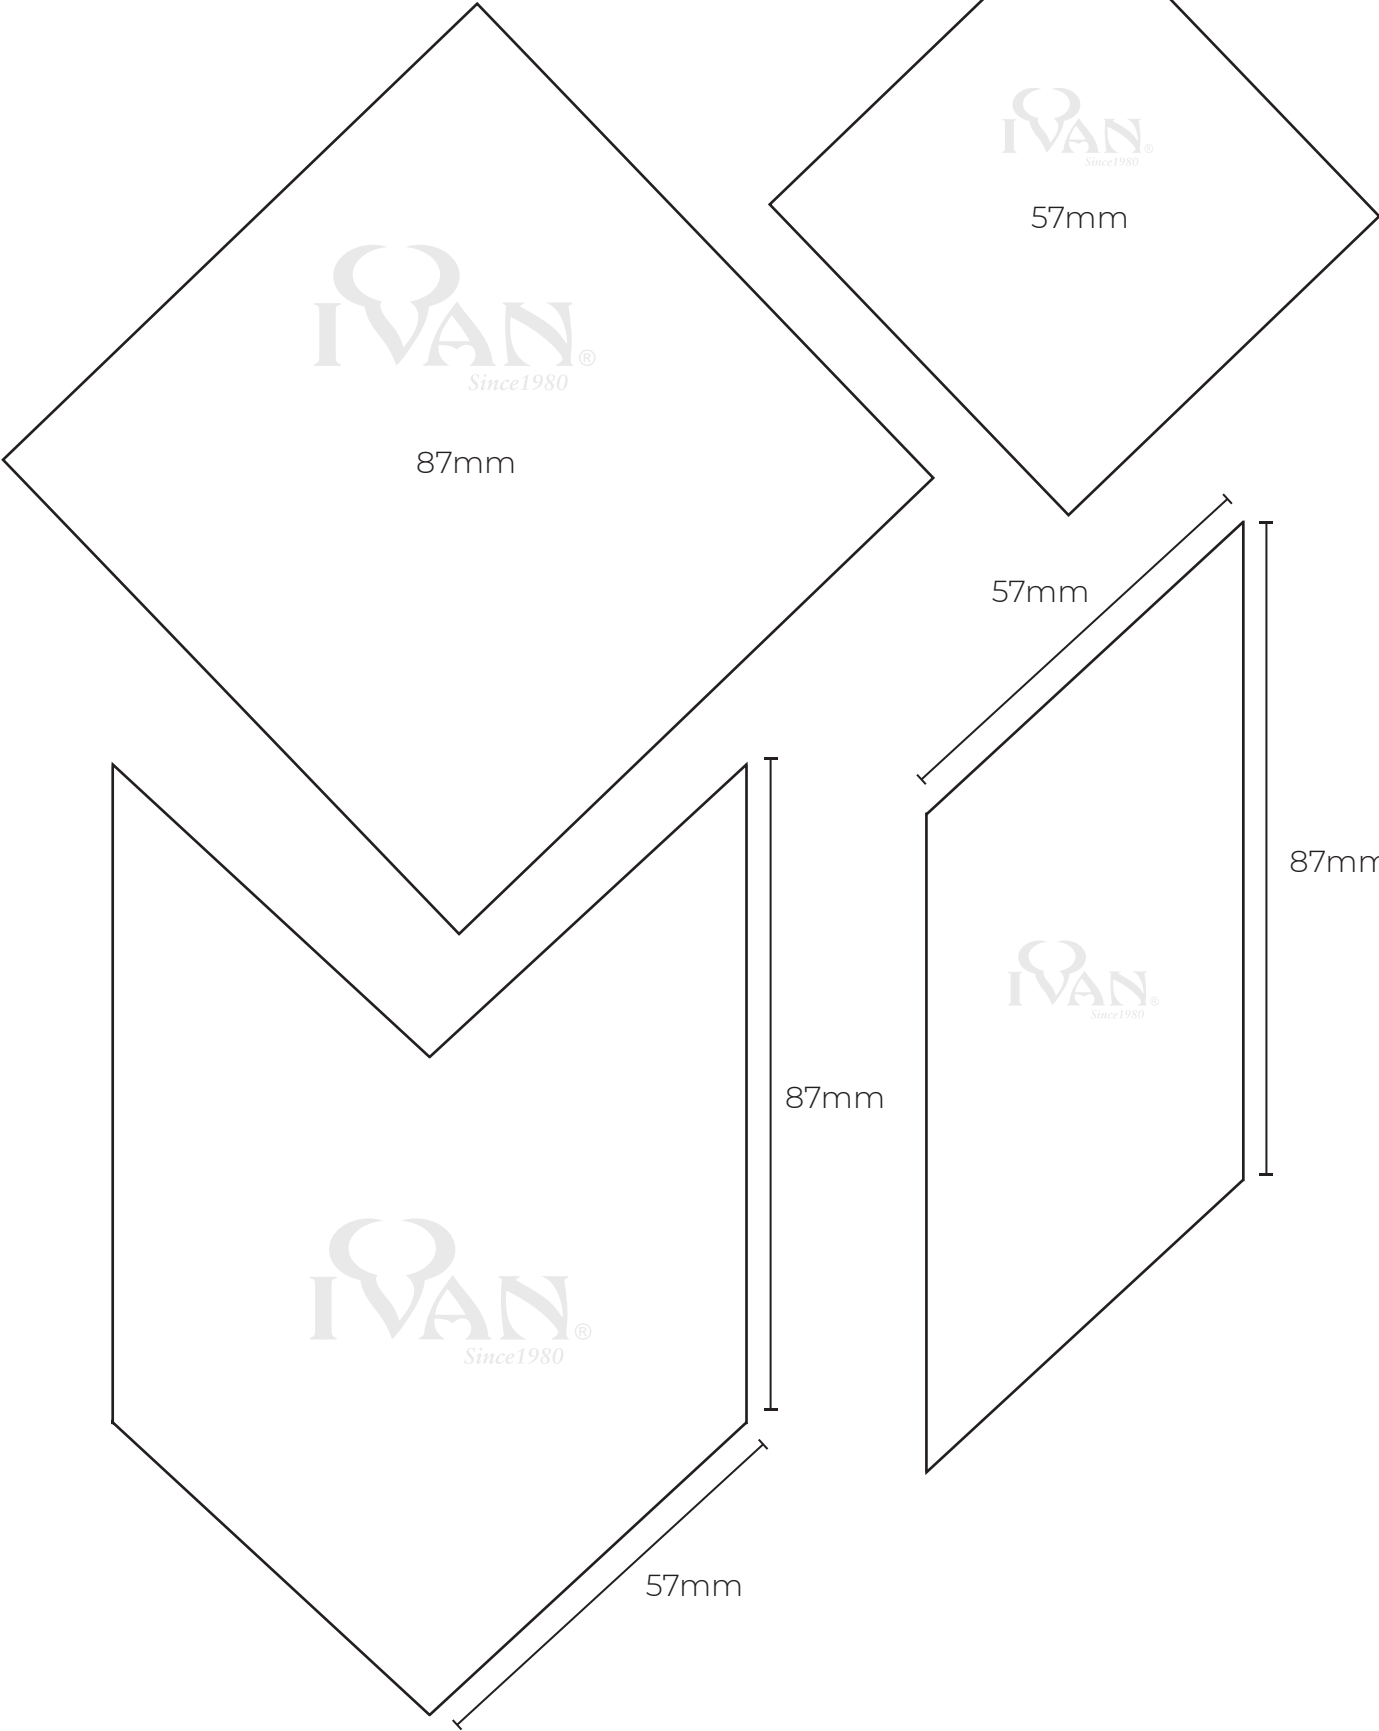

DECORATIVE PATTERN

1. Print out a paper pattern of the decorative pattern parts and transcribe pattern to leather.
2. Cut out all leather panel patterns. To save time cutting we used craftplus card slot punches.
3. Once panel shapes are all cut. Layout pattern on paper template in the desired design and location.
4. Transcribe the cut leather panels onto the large paper template and cut out the position of the pattern on the template. hand and blunt end of the slicker to work the disc into the mold gently.
5. Lay the paper template back on the large leather panels the zipper is attached to. Mark a trim line with a scratch awl and trim off the excess.
6. Mark position of pattern on the leather using a leather marking pen.
7. Apply permanent leather adhesive tape to the back side of the decorative pattern panels and stick down.
8. Carefully sew all pattern panels down to large leather panel.
9. Once panels are sewn proceed to sew the zipper to the large leather panel for permanent attachment.
10. Flip to back side and sew zipper down.
11. With the backside (flesh side) facing up align panel edges of the two large panels and proceed to sew together. These are the cushion cover edges.
12. Once completed flip the cushion cover inside out.
13. You can then insert the Ikea pillow into your very own custom cushion cover.
14. Project complete.
