# PROJECT PATTERN
LEATHER KEY FOB

Printing Instruction

The pattern is designed to be printable. We took into consideration the standard printer margin for letter & A4 sized papers.

Select "US letter" or "A4" under paper size. Make sure portrait mode is selected.

Be sure to click "scale: 100%" to ensure that the page is going to print to scale.

## Recommended Leather Weight

1.6mm~2.0mm (4~5oz)

Instruction

1. Print out the pattern on heavy card stock & cut out the pieces.

2. Trace the pattern into leather.

3. Cut out leather panels and strips.

4. Dye panels and strips into desired colors. Finish with top coat.

5. Punch holes.

6. Set hardware using hardware setter and anvil.

7. Cut a small slit on both ends of the strip.

8. Place swivel snap in the middle of the key fob.

9. Insert strip and loop on itself to secure the hardware in place.
